

????????? ???? ????
? ?????? ? ????
?????

??? ?????

- `offer_id` нужных офферов (из GC или из HTML: `data-offer-id="..."`)
- ссылка для редиректа (для каждого оффера)
- (опционально) текст “цены”, который показываем вместо реальной

1) JS: ?????????? ?? ?????????? `offer_id`

Вставь JS и заполни словарь `REDIRECTS`:

```
<script>
(function () {
  var REDIRECTS = {
    "8515270": "https://buy.stripe.com/cNi14mfSXe2RbUS0SE3wQ1W",
    "8515271": "https://buy.stripe.com/cNi14mfSXe2RbUS0SE3wQ1W"
  };

  var pendingRedirect = null;
  var pendingForm = null;
  var pendingAt = 0;
  var REDIRECT_TTL = 30000;

  function getFormFromElement(element) {
    return $(element).closest(".lt-form");
  }
}
```

```
function getSelectedOffer($form) {  
    return $form.find(".form-position-input:checked").closest(".form-position");  
}
```

```
function getSelectedRedirect($form) {  
    var $selected = getSelectedOffer($form);  
    var offerId = ($selected.attr("data-offer-id") || "").toString();  
  
    return offerId && REDIRECTS[offerId] ? REDIRECTS[offerId] : null;  
}
```

```
function normalizeNativeRequiredFields($form) {  
    $form.find('input[name="formParams[email]"').attr({  
        type: "email",  
        autocomplete: "email"  
    });  
}
```

```
function nativeFormIsValid($form) {  
    var form = $form.get(0);  
  
    if (!form || typeof form.checkValidity !== "function") {  
        return true;  
    }  
  
    return form.checkValidity();  
}
```

```
function hasVisibleSystemErrors($form) {  
    var selectors = [  
        ".has-error",  
        ".error",  
        ".field-error",  
        ".form-error",  
        ".form-error-message",  
        ".help-block-error",  
        ".text-danger",  
        ".alert-danger",  
        ".lt-form-error",  
        ".standard-page-content .alert-danger"
```

```

].join(",");

return $form.find(selectors).filter(function () {
    return $.trim($(this).text()).length > 0 && $(this).is(":visible");
}).length > 0;
}

function resetPendingRedirect() {
    pendingRedirect = null;
    pendingForm = null;
    pendingAt = 0;
}

function rememberRedirect($form) {
    normalizeNativeRequiredFields($form);

    pendingRedirect = getSelectedRedirect($form);
    pendingForm = $form.get(0) || null;
    pendingAt = Date.now();
}

function pendingIsActual() {
    return !!pendingRedirect && !!pendingForm && Date.now() - pendingAt <= REDIRECT_TTL;
}

$(document).on("click", ".lt-form .btn.f-btn.button-md.btn-success", function () {
    var $form = getFormFromElement(this);

    resetPendingRedirect();
    rememberRedirect($form);

    if (!nativeFormIsValid($form)) {
        resetPendingRedirect();
    }
});

$(document).on("submit", ".lt-form", function () {
    var $form = $(this);

    normalizeNativeRequiredFields($form);

```

```
if (!nativeFormIsValid($form)) {
    resetPendingRedirect();
    return;
}

if (!pendingRedirect || pendingForm !== this) {
    rememberRedirect($form);
}
});

$(document).on("invalid", ".lt-form :input", function () {
    resetPendingRedirect();
});

$(document).ajaxComplete(function (event, xhr, settings) {
    if (!pendingIsActual()) return;
    if (!xhr || xhr.status !== 200) {
        resetPendingRedirect();
        return;
    }

    if (!settings || !settings.url || settings.url.indexOf("block-public/process") === -1) {
        return;
    }

    var redirectUrl = pendingRedirect;
    var $form = $(pendingForm);

    window.setTimeout(function () {
        if (!nativeFormIsValid($form) || hasVisibleSystemErrors($form)) {
            resetPendingRedirect();
            return;
        }

        try {
            var response = JSON.parse(xhr.responseText || "{}");

            if (response && response.success === true) {
                resetPendingRedirect();
            }
        }
    }, 1000);
});
```

```

        window.top.location.href = redirectUrl;
        return;
    }
} catch (e) {
    // Non-JSON response means GetCourse did not confirm a successful form process.
}

resetPendingRedirect();
}, 50);
});
})();
</script>

```

Как добавить новый оффер:

```
"НОВЫЙ_ID": "https://ссылка"
```

2) CSS: ????????? + ????????? ?????

???? (???? ???)

```

.part-manyPositions { display: flex; flex-direction: column; }

.form-position .form-position-price.pull-right { position: relative; }
.form-position .form-position-price.pull-right::before{
    font-size:14px;font-weight:700;color:#111;line-height:1.2;font-
family:inherit;visibility:visible;
}

```

??? ????????? ???????? (????????? ????? ? ??????
???????????)

```

/* ОФФЕР 7820040 */
.form-position[data-offer-id="7820040"] { order: 1; }
.form-position[data-offer-id="7820040"] .form-position-price.pull-right { visibility:hidden;

```

```
font-size:0; }

.form-position[data-offer-id="7820040"] .form-position-price.pull-right::before { content:"2 ×
110€"; }

/* ОФФЕР 1234567 */
.form-position[data-offer-id="1234567"] { order: 2; }
.form-position[data-offer-id="1234567"] .form-position-price.pull-right { visibility:hidden;
font-size:0; }
.form-position[data-offer-id="1234567"] .form-position-price.pull-right::before {
content:"199€ (o singura plata)"; }
```

????????

- Порядок офферов меняется (через `order`)
- Цена визуально подменена (`content`)
- Редирект срабатывает только для офферов из `REDIRECTS`
